4. ITAR REGULATED: The MFAM module is ITAR controlled and requires an Export License for export to non-US customers. These commodities will be authorized for use by United States purchasers and ultimate consignees. They may not be exported to any destination outside the United States without prior written approval from the United States Government, even when incorporated into another product. If needed, Geometrics will assist customers in applying for a US Export License.

5. PAYMENT TERMS: Geometrics, Inc.'s payment terms are Irrevocable Letter of Credit (LC), Cash-against-documents (CAD), Cash-in-Advance (CIA), or Credit Card-in-Advance (CCIA).

For payment by LC, the LC must be established with a USA bank for the FOB, FCA or CIP amount shown on this quotation. The LC is 100% payable against the sight draft(s) with shipping documents when received by the opening bank. It should allow at least 21 days after shipment for presentation of documents. Please note that all banking charges, including advising and negotiation, are for the buyer's account. Geometrics, Inc. prefers that the advising bank be Wells Fargo at the contact shown below. If this is not possible, please do not include Wells Fargo as a second advising bank. After the first advisement, the LC should be sent directly to Geometrics, Inc. via fax, with the original by courier. Please do not use regular mail. Geometrics, Inc.'s bank information for LC purposes is:
